

ACADIA ESTATES			
LIVE OAK ROOT PRUNING, TRIMMING & REMOVAL ASSESSMENT			
Observe Magnolia trees in front yard of the properties, determine health and removal recommendation if applicable			
Summary		Urban Tree Doctor Summary	
Live Oaks Recommended for Removal: 4		No need to remove trees at # ^{R03} , ^{R04} , ^{R11} and ^{R25} . We recommend Root Pruning with root barrier and tree growth regulation.	
Trees Requiring Root Pruning: 17		No need to prune roots for these trees. We recommend Tree Growth Regulator to stunt the roots from growing towards structures.	
Trees Requiring Canopy Pruning: 24		Do not recommend pruning Magnolia trees for "life." If strip out Magnolias to help grass, it will make them vulnerable to high winds.	
Laurel Oaks Evaluated: 4		Evaluated (5) Laurel Oaks.	
General Notes	33 Trees Total	We evaluated (37) Oak trees; (34) Oak trees public; (3) Oak trees private. Confirmed Magnolias in front of most homes.	
Root pruning generally to 8" below grade unless otherwise specified.			
Grinding mulch to be hauled away.		* For grass to grow, strategic weight reduction pruning and Growth Regulation is recommended.	
Trimmings and debris to be hauled away.			

ADDRESS	Landscaper's Sunlight and Lawn Health Recommendations	Urban Tree Doctor Notes and Recommendations TGR = Tree Growth Regulator	Note: Proposed Ithcare Estimate * For Public Trees
		Confirmed all properties have a Southern Magnolia in front, except for 2 (noted) properties.	
R01 Acadia Estates Ct.	Live Oak: Cut 10' of surface roots along sidewalk and 10' along curb. Prune canopy as needed.	This is a Laurel Oak. TGR \$240	\$240
R02 Acadia Estates Ct.		No trees.	
R03 Acadia Estates Ct.	Live Oak (Right Side of Driveway): Roots appear previously cut. Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240	\$240
R03 Acadia Estates Ct.	Live Oak (Left Side of Driveway): Remove tree. Grind stump and surface roots to edges of concrete. Utilities present. Shallow grinding only.	(1) Live Oak 21" DBH. No need for removal ; Recommend Root Prune with Barrier Est \$2,000 and TGR \$252.	\$2,252
R04 Acadia Estates Ct.	Live Oak (Left Side of Driveway): Remove tree. Grind root mound to approx 6" below grade.	(2) Live Oaks. (1) Live Oak 20" DBH TGR \$240. (1) Live Oak 23" DBH (left side of driveway). No need for removal ; Recommend Root Prune with Barrier est \$2,000 and TGR \$276.	\$2,516
R05 Acadia Estates Ct.	Live Oak: No root pruning required. Prune canopy as needed.	Confirmed (2) Live Oak trees. TGR \$480	\$480
R05 Acadia Estates Ct.	Live Oak (Right Side of Driveway Apron): Cut roots along sidewalk and driveway apron (approximately 16'). Utilities present. Prune canopy as needed.		
R06 Acadia Estates Ct.	Laurel Oak: Prune canopy as needed.	Confirmed (1) Laurel Oak tree. TGR \$240	\$240

R07	Acadia Estates Ct.		No trees.
R08	Acadia Estates Ct.	Live Oak: Cut surface roots along 10' of sidewalk, 8' of curb, and 8' of driveway apron (26' total). Prune canopy as needed.	(2) Live Oak trees. TGR. \$480
R09	Acadia Estates Ct.	Live Oak: Cut surface roots along 10' of sidewalk. Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240
R10	Acadia Estates Ct.	Live Oak: Cut roots along 8' of sidewalk edge. No canopy work recommended.	Confirmed (1) Live Oak. TGR \$240
R11	Acadia Estates Ct.	Live Oak (Left): Cut surface roots along 10' of sidewalk. Prune canopy as needed.	Confirmed (2) Live Oak trees. TGR. \$480
R11	Acadia Estates Ct.	18" Live Oak (Right Side of Apron): Recommend removal. Grind stump to approx 6" below grade including surface roots within 3' of stump. Shallow grinding only due to nearby fire hydrant and utilities. Consult with Osceola County before grinding.	Live Oak 20" DBH. No need for removal ; Recommend Root Prune and Barrier est \$2,000 with TGR \$240
R12	Acadia Estates Ct.		No trees.
R13	Acadia Estates Ct.	Live Oak: Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240
R14	Acadia Estates Ct.		(2) Live Oak Trees; (1) <i>private</i> TGR \$240 if homeowner wants; (1) public. TGR \$240 public tree.

R15	Acadia Estates Ct.	Live Oak: Cut surface roots along 15' of sidewalk beginning at driveway apron. Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240	\$240
R16	Acadia Estates Ct.	Live Oak (Left Side of Driveway): Utilities present. Sidewalk not lifting. Appears previously root pruned. Consider leaving roots undisturbed. Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240	\$240
R16	Acadia Estates Ct.	(Corner Laurel Oak) Root appear previously pruned. Tree recovering from shock. Remove sucker growth as needed.	Confirmed (2) Laurel Oaks. TGR \$480	\$480
R16	Acadia Estates Ct.	(Rear Laurel Oak) Roots appear previously pruned. Prune canopy as needed.		
R17	Acadia Estates Ct.		No trees.	
R18	Acadia Estates Ct.	Live Oak: Cut surface roots along 10' of sidewalk, entire driveway apron, and approximately 10' of curb (28' total). Prune canopy as needed. Alternative: Remove tree entirely and grind root mass to approx 6" below grade.	Confirmed (1) Live Oak. TGR \$240	\$240
R19	Acadia Estates		(1) Live Oak tree; private. <i>TGR \$240 if homeowner wants.</i>	
R20	Acadia Estates Ct.	Live Oak: Cut surface roots along 10' of sidewalk. Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240	\$240
R21	Acadia Estates Ct.	Live Oak: Cut surface roots along 16' of sidewalk and 5' along driveway apron. Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240	\$240

R22	Acadia Estates Ct.	Live Oak: Roots appear previously pruned. Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240	\$240
R23	Acadia Estates Ct.	Live Oak: Cut surface roots along 10' of sidewalk. Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240	\$240
R24	Acadia Estates Ct.	Live Oak (Right Front Area): Cut 10' of surface roots along sidewalk. Prune canopy as needed.	Confirmed (2) Live Oaks; TGR \$480	\$480
R24	Acadia Estates Ct.	Live Oak (Left Side of Driveway Apron): Roots appear previously cut. Prune canopy as needed.		
R25	Acadia Estates Ct.	Live Oak (Left Front): Recommend removal. Excessive root pruning would be required and may destabilize tree. Grind stump and surface roots to edge of sidewalk, driveway apron and curb.	(1) Live Oak 19" DBH. No need for removal ; Recommend Root Prune and Barrier est \$2,000; TGR \$228	\$2,228
R25	Acadia Estates Ct.	Live Oak (Right Front): Cut surface roots along 8' of sidewalk. Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240	\$240
R26	Acadia Estates Ct.	Live Oak: Raise canopy over driveway to provide adequate vehicle clearance. No canopy work needed. Roots appear previously pruned.	Confirmed (1) Live Oak. TGR \$240. No Magnolia	\$240
R27	Acadia Estates Ct.	Live Oak: Cut surface roots along 8' of sidewalk and 8' along curb (16' total). Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240	\$240
R28	Acadia Estates Ct.	Live Oak: Cut surface roots along 8' of sidewalk. Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240	\$240

R29	Acadia Estates Ct.	Laurel Oak (Left Side of Apron): No root pruning. Prune canopy as needed. Remove sucker growth as needed.	Confirmed (1) Laurel Oak tree. TGR \$240. No Magnolia.	\$240
R29	Acadia Estates Ct.	Live Oak (Near Cul-de-sac, Right Front Corner): No root pruning. Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240	\$240
R30	Acadia Estates Ct.	Live Oak: Cut surface roots along 10' of sidewalk. Prune canopy as needed.	Confirmed (1) Live Oak. TGR \$240	\$240
R31	Acadia Estates Ct.	Live Oak: Cut 8' of surface roots next to sidewalk to approximately 8" below grade and clean out area.	(1) Live Oak private TGR \$240 if homeowner wants; (1) Live Oak public; TGR \$240 public tree	\$240
